Access to the main school, via the security doors, will only be permitted to visitors who satisfy the entry criteria and have signed in via the electronic registration system and been provided with a badge by a member of the administration team. All staff and visitors must sign in and out through the system.

Gate No 3 will be opened at lunchtime on a Wednesday to facilitate the change-over of the Nursery children, the gate will then be locked. The key for this gate is on the hook to the left of the door leading out adjacent to the last year 1 classroom

All perimeter gates except the car park are locked at all times during the normal school day unless authorised personnel require access to the school grounds for maintenance. Members of the administration team will ensure the gates are opened and locked in the absence of the Site Supervisor and/or caretaker.

Visitors trying to gain access to school, not via the office, should be challenged.

All staff are encouraged to verbally challenge and report any adult that enters school without entering via the front entrance or without a visitor's badge. Children are made aware of this also.
